

2. PSYCHIATRIC PERSONALITY STUDIES

- a. GENERAL. This paragraph sets forth policy and responsibility pertaining to internal psychiatric personality studies on Agency Staff Contract personnel and perspective employees.
- b. DEFINITION. A psychiatric personality study is a technical report which attempts to provide the informed intelligence official with a description of basic, repetitive patterns of personality and behavior through the analysis of biographic and behavioral data.
- c. POLICY. A psychiatric personality study will be prepared in response to an official requirement and upon the request of an authorized official.
- d. RESPONSIBILITIES
 - (1) The Director of Medical Services is responsible for directing the preparation of psychiatric personality studies on Agency Staff and Contract personnel.
 - (2) The Chief of the Psychiatric Staff of the Office of Medical Services is responsible for the actual preparation of such studies.
 - (3) Operating Officials are authorized to request a psychiatric personality study. This will
